For U.S. orders I use U.S. Mail flat rate shipping.

For orders consisting of small items I will use a \$7.15 small flat rate shipping box. The majority of the items I ship, fit in a \$13.60 med. flat rate mailing box.

For large orders and the bigger items I will use the \$18.85 large flat rate shipping box. I can ship up to 70lbs in this box.

If the item is too big for U.S. mail, I will note the items in the description box that must be shipped via UPS.

For items being shipped outside the continental US I will use first class mail or UPS whichever is cheapest.
